☐ Research lecturers from other universities	Amount : 10 000,00 DA
☐ Research students	Amount : 5 000,00 DA

Languages of presentation:

☐ French

☐ English

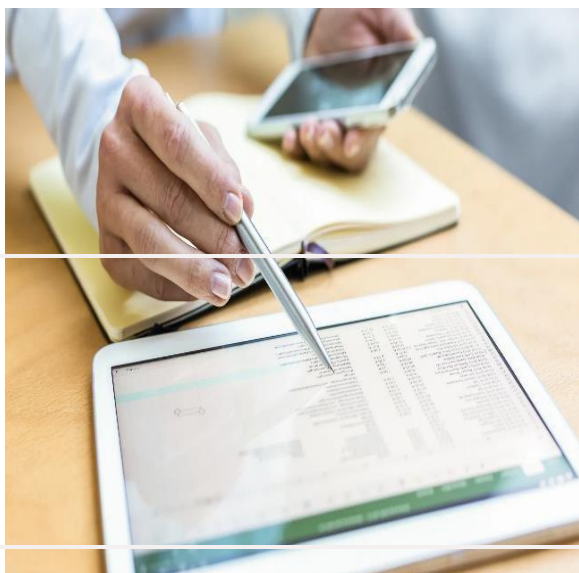

Objective:

This is the third time that the LCCN has organized a molecular modeling seminar, the aim of which is to bring together doctoral students, research professors, and researchers to discuss advances in molecular modeling methods and techniques, structures, and molecular interactions in various chemical and biological systems.

PhD students and research professors are strongly encouraged to participate in informal discussions through oral presentations or posters. Thank you very much for your participation.

Instructions for Authors

Participants are invited to submit their abstracts for oral or poster presentations.

Abstracts should be submitted by email. They should be written on an A4 page with 2.5 cm margins on each side, in Times New Roman, size 12 font.

Titles should be in bold, capital letters. Author names should be in Times New Roman, size 12 font, with the corresponding author's name underlined. Author addresses should be in italics (Times New Roman, size 12).

The text should be right- and left-justified with single line spacing.
